Stocking Hat

An original pattern created by Ashley Thurman

Skill Level:
Easy

Materials Required:
-Size I Crochet Hook
-Skein of worsted weight yarn (medium 4). (in the picture I used Bernat denim style yarn found [HERE](#))
-Yarn needle
-Pom Pom maker or other method of making a Pom Pom
-Stitch Markers (not required)

Sizes:
Newborn – 3 Months
        Head circumference of 13-14"
3-6 Months
        Head circumference of 14-17"
6-12 Months
        Head circumference of 16-19"
12-36 Months
        Head circumference of 18-20"
2t and older
        Head circumference of 20-22"

Terms:
ch: chain
sl st: slip stitch
st: stich
sts: stitches
sc: single crochet
dc: double crochet
fpdc: front post double crochet
bpdc: back post double crochet
rep: repeat
(): the number of st that will be worked in each round
___: stitches between the asterisks are to be repeated

Notes:
- If pattern says "2dc", please make 2dc sts in one st.
- This hat is worked in rounds, and joined at the end of each round
- In this pattern, do NOT chain after each time you join the rounds. Instead you will single crochet in the same stitch as joining. This does NOT count as your first stitch! (this helps eliminate the seam from joining rounds.)
- You may purchase a pom pom maker at any local craft store. I found mine at Hobby Lobby, and for the hat in the picture I used about a 2.5" pom pom maker, but the size is up to you.
-If you want to lengthen the tail of the hat, make adjustments in rounds 2-12 as these are strictly length and are not increasing rows.

-It will be difficult to hold while crocheting the tail portion of the hat; it gets easier as you begin increasing. I strongly suggest using stitch markers until you are comfortable.

POM POM

Once you are done with your hat and have weaved in all your ends, you will need to make your pom pom following the directions on the pom pom maker. There are also some really good you tube videos that give you good pointers when making pom poms.

After making the pom pom you should have a tail of yarn left, use this to attach it to the very top of your hat and weave those ends into the center of the "tail" part of the hat so that the yarn is not visible.

Thank you for purchasing my pattern! Feel free to contact me with any questions, I am more than happy to assist in any way possible.
